

EDUCATIONAL CHARTER

ENVIRONMENT
SAFETY
AIRPORT

BTEE SA has been active for a long time in the field of education, training and information, according to the services of environment, safety and airports domain.

OUR MISSION

To be a provider of education for our customers : airports, companies, educational organizers, education institutes or vocational schools.

GUARANTEE OF QUALITY

According to our company's policy, we wish to supply educational services beyond reproach and high quality documents.

That's why we offer :

- An extensive communication with the training organizers
- An individualized development of training courses
- A privileged access to our training documents and general documentation
- A personalized discussion between the participants and our instructors

- A structured evaluation of the teaching
- A methodical control of the experience
- A total transparency in the information feedback
- An irreproachable confidentiality of the conversations with the participants

"Without know-how-to-be, know-how is unreachable "

Stéphane Pillet

OUR OBJECTIVES

According to the need of our customers, of the potential market and resulting from the execution of our mandates, we wish to allow the participants of our courses :

To acquire competences in direct relation to their occupation

To reinforce their knowledge in the fields of safety, environment and airport operations

To increase their know-how through BTEE's own experience

To master their new knowledge and abilities within their occupation

OUR COMMITMENT

Targeted services in direct relation with the need of BTEE's customers in the fields of environment, safety and airport

A supporting approach allowing an immediate practical application of the lessons

A methodology specific to each instructor and participant, tailored to their needs

A multi-disciplinary team who bases its teaching upon concrete and personal experiences
